

## Search Bomb Suit

The Search suit is designed specifically for personnel searching and clearing of mines and terrorist explosive devices. Although the Search Suit does not offer the higher protection of the EOD Bomb Disposal Suit, it is much lighter in weight, provides all-round protection, it is comfortable to wear and allow virtually unrestricted movement. The search Suit contains a pocket in the front and back into which an optional fragmentation plate can be inserted. This upgrades the level of protection provided by the search Suit.

### Product description

#### Introduction

The Search suit is designed specifically for personnel searching and clearing of mines and terrorist explosive devices. Although the Search Suit does not offer the higher protection of the EOD Bomb Disposal Suit, it is much lighter in weight, provides all-round protection, it is comfortable to wear and allow virtually unrestricted movement.

The search Suit contains a pocket in the front and back into which an optional fragmentation plate can be inserted. This upgrades the level of protection provided by the search Suit.
